## ABOUT US

The Whyte Yarcowie Vaudeville Troupe has been hard at work preparing for the opening of their new show “It’s A Pleasure”. Rehearsals began in earnest earlier this year but like many other plans it all had to be put on hold for Covid 19. Now thankfully it’s full steam ahead again. Everything rehearsed, costumes are ready to roll and of course the crew are all happy to be able to perform again. The troupe will present their usual mix of dance, great music, glamorous costumes and a barrel of laughs. In their 36 years the group have never failed to present lively and colourful shows delighting their audiences and bringing them back year after year to enjoy their latest productions.

The troupe is not afraid of hard work so rehearsals have been full on.

They are hoping for a successful two year run and look forward to entertaining and pleasing all who attend.

Lots of bookings coming in now and the troupe are all keen to get started again

As the saying goes “There’s no business like it”.
